# SmartLinQ™ QOPI® Certification Program Pathway

SmartLinQ™ QOPI® Certification Program (QCP) Pathway allows your practice to abstract and submit your measure scores to become eligible for ASCO's QOPI Certification Program.
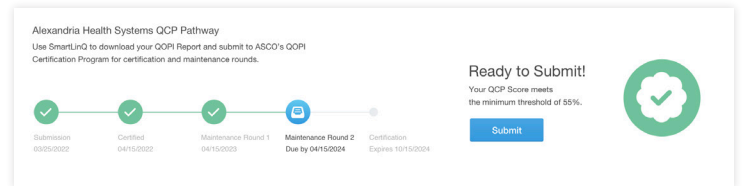

How to Access QCP

You can access the QCP tool from the [SmartLinQ Home Dashboard](#) as well as the main navigation under Quality Tools.

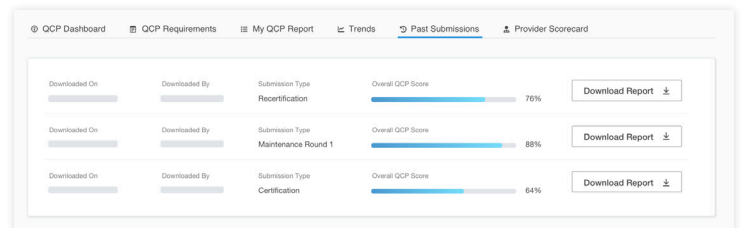

Generate Report

When submitting for initial certification, a maintenance round, or recertification, you will generate and download your report by moving through the QCP timeline via the "Submit" button.

Previous Reports

View and download past QCP submission reports, which allows you to review your previous submission scores.

Submit

After downloading your report, email the PDF, along with your practice details, directly to the QOPI Certification team at qopicertification@asco.org to start your QOPI Certification application. [Learn more about the application process.](#)
